

"Infini" - UNIVERSAL CUTLERY

Christofle develops new table practices with its "Infini" collection of universal cutlery. The idea behind the collection is to create many possibilities of use for each cutlery piece and thus reduce the whole line to fifteen universal and essential pieces.

Christofle created pictograms to better understand the usage possibilities for its 5 main "Infini" pieces:

MEDIUM UNIVERSAL KNIFE 20,5 cm LARGE UNIVERSAL SPOON 18 cm MEDIUM UNIVERSAL FORK 18 cm MEDIUM UNIVERSAL SPOON 16 cm SMALL UNIVERSAL SPOON 13 cm

MEDIUM UNIVERSAL KNIFE
20,5 cm

The **medium universal knife** is ideal for starters and desserts.

Slightly longer than the dessert knife, the medium universal knife measures 20.5 cm.

Its pointed tip also makes it the perfect tool for piercing a piece of cheese or other delicacies.

MEDIUM UNIVERSAL FORK
18 cm

With the same height as a classic fish fork, 18 cm, the **medium universal fork** combines the fish fork and the salad fork.

The universal medium fork displays intermediate proportions that are perfect for fresh dishes such as starters and salads.

The generosity of its tines makes it ideal for fish.

LARGE UNIVERSAL SPOON
18 cm

The large universal spoon

combines three references: the tablespoon, the standard spoon, and the cream soup spoon.

Smaller than a standard spoon and longer than a standard one, the large universal spoon measures 18 cm.

Completely redesigned in its proportions, the large universal spoon has a shorter handle to adapt to trendy food bowls in vogue around the world and offers a very generous container for enjoying soups and broths.

The ergonomics of the spoon bowl have been studied to offer optimal comfort for tasting. The size of this spoon has also been adapted to offer a good size balance for daily use.

MEDIUM UNIVERSAL SPOON
16 cm

The universal medium spoon

combines two cutlery items from the classic sets, the dessert spoon and the teaspoon.

With a size of 16 cm, the medium universal spoon is smaller than the traditional dessert spoon and longer than the coffee and tea spoons.

Whether your taste is for a traditional custard, a rich chocolate mousse or for the elaborate creations of a pastry chef, the medium universal spoon is the perfect utensil.

The Infini medium universal spoon is perfectly sized for your morning mug of coffee or tea.

The **small universal spoon** is shaking up traditions.

Just 13 cm length, it's excellent for cocktails, aperitifs and other festive moments.

It also finds its place during tea time and coffee breaks making the small universal spoon totally versatile.
