

LE NEZ DU CAFÉ

With "Le Nez du Café" coffee-lovers obtain a reliable guide to coffee aromas and an opportunity to learn how to put into words the surprising wealth of aromas. The essences of the characteristic aromas which distinguish the most important coffees of the world, are in tiny glass vials. A beautifully illustrated guide provides details of the aroma family and the features of the individual scents.

The following sets are offered in English or German.
Below please find the list of aromas per set:
