

Overview of the different Weseta Switzerland product lines

"Dreamflor®"
420g/m²

Supersoft, light and quick drying
with short pile flaps,
meander border

"Dreampure"
450g/m²

Made with the same Weseta
weaving technology as
"Dreamflor®", but a touch
heavier and without border

"Dream Royal"
570g/m²

Royally soft and cozy
with very dense and slightly
twisted pile flaps

"Puro"
600g/m²

Voluminous and heavy
with longer and more twisted pile flaps
than the other three lines
