

ROTHSCHILD OISEAUX (RO) (ROTHSCHILD BIRDS)

PORCELAIN PAINTERS OF THE 18TH AND 19TH CENTURY OFTEN LOOKED TO NATURE FOR INSPIRATION. THE GRATIFYING THEME OF COLOURFUL, LIFELIKE BIRDS AND INSECTS ALSO AWOKE THE INTEREST OF HEREND MASTERS. THIS GOLD EDGED PORCELAIN, IN 12 VARIATIONS, SHOWS A PAIR OF COLOURFUL SINGING BIRDS, PAINTED NATURALISTICALLY, SITTING ON A STYLIZED TREE BRANCH WITH TINY BUTTERFLIES AND INSECTS IN DELICATE PASTEL SHADES SCATTERED AROUND THEM. THE DESIGN EXUDES HAPPINESS AND HARMONY, CONJOURING UP THE ATMOSPHERE OF A WOODLAND NOISY WITH BIRDSONG. NAMED AFTER THE ROTHSCHILD FAMILY, IT HAS BEEN THEIR PREFERRED DESIGN ON HEREND PIECES SINCE 1860. THE FINE GOLD CHAIN PAINTED AROUND THE YOUNG SAPLING IS A REFERENCE TO THE BANKING FAMILY'S WEALTH. OUR ART AND PAINTERS ARE INSPIRED BY THIS ENCHANTING DESIGN, AND THANKS TO OUR PRODUCT DESIGNERS OUR RANGE CONTINUES TO EXPAND WITH NEWER PIECES TO THE PRESENT DAY.
